NATIONAL SAFETY NEWS

Index to Vol. 77 January-June, 1958

An incorporating the index to The Journal
of the American Society of Safety Engineers

Compiled by the Library of the National Safety Council

Absorbents

Care of floors. Mar., 130.

Abrasive blasting

Abrasive blasting suit. Mar., 106.

The accident barometer. Jan., 14; Feb., 8; May, 82; June, 17.

Accident records - No deaths or disabling injuries

Atom power lab wins AEC award. Jan., 63.

Award-winning team (Vath). Feb., 28.

Grand slam for Schmidt's. Jan., 30.

Honor plant for half-century record. Apr., 68.

3-pronged attack on accidents (Clark). Apr., 21.

Accident statistics

Accentuate the positive (Temple). (ASSE Jour., May, 21).

The accident barometer. Jan., 14; Feb., 8; May, 82; June, 17.

Are disabling injury frequency rates valid measures? (Grimaldi). (ASSE Jour., Feb., 9).

Frequency down, severity up, 1957 reports show. June, 68.

How far have we come in ten years? (Arm). May, 30.

How valid are statistics on small business? (Baltzer). (ASSE Jour., May, 31).

Injury rates, 1956 for wholesale and retail trade, and for manufacturing (Wire from Washington). Jan., 17.

Keeping medical records. Mar., 270.

Report gains in industrial safety. Apr., 59.

Report puts new light on back injuries standard. Jan., 66.

Some figures from the results of the first quarter-year sampling of the National Health Survey (Wire). Feb., 17.

Three-stage totem pole (Gidel). Apr., 33.

What accidents cost the aircraft industry (A National Safety Council member survey). Jan., 19.

See also Fire protection - Statistics.

Adhesives

If you use flammable mastics. May, 174.

Aeronautic industry

Accentuate the positive (Temple). (ASSE Jour., May, 21).

What accidents cost the aircraft industry (A National Safety Council member survey). Jan., 19.

Aeronautics

- Air traffic control a Congressional concern (Wire from Washington). June, 77.
- CAB rule making, and CAA traffic control service (Wire from Washington). Jan., 101.
- Military aircraft subjected to CAB air traffic rules (Wire from Washington). Apr., 62.
- Other suggestions for muffling jet noise. June, 50.
- Portable silencer hushes jet noise. June, 115.
- Potential hazards of nation's transport planes (Wire from Washington). Mar., 176.

Air pollution

- How winds affect air pollution. June, 125.
- Learn more about smog but no cure yet. June, 125.
- National Air Pollution conference to be held in November, 1958 (Wire from Washington). Mar., 7.

Aisle marking

- Housekeeping and sanitation. Mar., 29.

Alcohols - Tests for intoxication

- Highway safety -- S. 969 signed into law as Public Law 338, provides for chemical tests for alcohol for drivers within District of Columbia (Wire from Washington). Apr., 17.

American Institute of Industrial Engineers

- Ask information on research projects. Mar., 273.

American Society of Mechanical Engineers

- ASME expands meeting schedule. Feb., 138.
- Forward-looking program for ASME meeting. May, 125.

American Society of Safety Engineers

- Consultation service (Small business and associations). May, 52.
- How far have we come in ten years? (Arm). May, 99.

American Standards Association

- Veltfort heads ASA standards Council. Feb., 112.

Andrews, Bill

- Diary of a safety engineer (fiction). Monthly department.

Arm, David L.

- How far have we come in ten years? May, 30.

Around the compass (Lofgren).

Jan., 12; Feb., 49; Apr., 46; May, 64; June, 60.

Asphyxiation

- Potential asphyxia hazards, class, type, and preventive measures. Mar., 112.
- Smoke can kill as well as flame. Mar., 257.

Associations

- Association convention or safety conference? (Small business and associations). May, 52.

Associations (Cont'd)

Bridges named assistant managing director of the Industrial Medical Association (Personals). Jan., 72.
Posters "doll up" accident prevention campaign of Associated Industries of New York State (Small Business and Associations). Feb., 44.
Small business and associations (Baltzer and Curry). Monthly department.
See also Specific association.

Athlete's foot

Fungus infections. Mar., 49.

Atomic bombs

Accidental nuclear blast remote possibility. May, 174.

Atomic Energy Commission

Commission to offer statutory indemnity to major contractors in case of nuclear accidents (Wire from Washington). Mar., 7.
Conferences scheduled on proposed regulations effectuating legislation for atomic insurance (Wire from Washington). Jan., 17.

Atomic power

AEC says safety and health considered in weapons tests (Wire from Washington). June, 77.
Form new group for thermonuclear research. Feb., 55.
Oil and the atom. Feb., 18.
Standardization in the field of nuclear energy (Patterson). (ASSE Jour., Feb., 2).
3-pronged attack on accidents (Clark). Apr., 18.
Urge revised standards for nuclear power. Feb., 60.

Awards

By Executive Order No. 10765, the President issued regulations governing the award of life-saving medals (Wire from Washington). June, 10.
4-H safety scholarship winners. Feb., 104.
Free gloves promote safety in coal mines. Jan., 108.
Governor Meyner presents ship safety award (Around the compass). May, 64.
Mando makes it look easy. Apr., 42.
Receives award of Flight Safety Foundation. Feb., 114.
Richmond officer given recognition (Around the compass). Apr., 46.
Safety wins award for PMA (Small business and associations). Apr., 52.
3-pronged attack on accidents (Clark). Apr., 21.
William J. M. Redwood, safety engineer honored for first aid work.
Jan., 84.
See also Contests.

Awards - National Safety Council

Association award judges announced (Small business and associations). June, 52.
Award of honor for the 1957 USAF World-Wide Ground Safety Program presented. June, 111.
Award-winning team (Vath). Feb., 28.
Council announces Public Interest Awards. May, 127.
89 new prizes for ideas! June, 33.
Farm safety awards presented to media (Around the compass). Jan., 12.

Awards - National Safety Council (Cont'd)

For distinguished service. Winners of NSC awards for outstanding records. Jan., 64; Feb., 108; Apr., 44; May, 100; June, 74.
1958 Associations award (Small business and associations). May, 52.
Nominations open for NSC citation awards. Feb., 96.
The President's medal. Awards made by the National Safety Council for successful application of artificial respiration. Feb., 138; Apr., 80.
Pressed Metal Institute award goes to NSC. Jan., 74.
Safety is part of TVA plans (Nolting). May, 24.
Syracuse Safety Council has received 22 awards in nine years from National Safety Council. May, 146.

Back injuries

Back injuries (Voice of the reader). Apr., 56.
Industrial health congress (Industrial health). Apr., 14.
Report puts new light on back injuries standard. Jan., 66.
Rough rides cause severe body shock. May, 175.

Baltzer, A. M.

How valid are statistics on small business? (ASSE Jour., May, 31).

Baltzer, A. M. and John T. Curry

Small business and associations. Jan., 60; Feb., 44; Apr., 52; May, 52; June, 52.

Belts - Safety

Safety belts and harnesses. Mar., 154.
What to look for in auto seat belts. Mar., 207.

Beta rays

Beta ray sealed sources (Data sheet D-461). Jan., 37.
Machining uranium (Consultation corner). Jan., 52.

Billboards

President signed into law H.R. 9821 for increased aid to states, and encouragement to regulation of billboards along Interstate Highway System (Wire from Washington). June, 10.
Proposed bill gives bonus to states regulating billboards along the Interstate Highway System (Wire from Washington). May, 159.
Support for billboard control on the Interstate Highway System (Wire from Washington). Mar., 7.

Book reviews

Boursnell, J. D.
Safety techniques for radioactive tracers. May, 13.
Claudy, William D.
Respiratory hazards of the fire service. June, 56.
Davidson, Harold O.
Biological effects of whole-body gamma radiation on human beings (The safety library). Feb., 57.
Davis, John Richelieu
Industrial plant protection (The safety library). Mar., 160.

Book reviews (Cont'd)

Gocke, B. W.

Practical plant protection and policing. Apr., 50.

Harris, Cyril M., editor

Handbook of noise control (The safety library). Feb., 57.

Hollingsworth, Dan and Ona Belknap

He rides beside you. Feb., 6.

Moore, Robert E.

Automation in business communication. Apr., 50.

Sax, N. Irving

Dangerous properties of industrial materials (revised). Jan., 54.

Supervisory Management, ed.

Leadership on the job; guides to good supervision. June, 56.

Boranes

How toxic are high energy fuels (Schechter). Apr., 28.

Bottles - Plastic

Squee-eze bottle (Ideas that worked). May, 35.

Boy Scouts

Aids for the Scouts safety good turn. Feb., 86.

Do a good turn for safety (Dew and Tuerk). Jan., 28.

Doing their safety good turn. June, 36.

Traffic first emphasis of Good Turn program (Around the compass). Apr., 97.

Breweries

Grand slam for Schmidt's. Jan., 30.

Bridge plates

Bridge plates. Mar., 191.

Brunig, Winchester D.

We know how, but... June, 20.

Buildings

New home designs labeled fire traps. Jan., 103.

Buildings - Industrial

Advantages claimed for one-story construction. Mar., 122.

Design for safety. Mar., 17.

The dirty old days (Editorial). Apr., 6.

If you can beat the heat...there are ways to survive it. May, 144.

Lighting the plant for sight, safety and production. Mar., 20.

Recommendations for fire protection for occupancies of varying severity.

Mar., 232.

Stairs, ramps, fixed ladders. Mar., 25.

Under one roof. Feb., 24.

Bulletin boards

Training and maintaining interest. Mar., 260.

Burns - Electric

The shock that kills (Long). June, 54.

Butyraldoxime

Industrial health congress (Industrial health). Apr., 14.

Calendars

Calendar contest winners. Jan., 115; Apr., 89; June, 94.

Introducing the National Safety Calendar for 1959. June, 41.

Capacitors

Capacitors (Data sheet D-404, revised). Mar., 9.

Carbon monoxide

Monoxide hazard in propane-fueled trucks (Industrial health). Apr., 78.

Smoke can kill as well as flame. Mar., 257.

Trucks quit fuming, tobacco auction proceeds. June, 111.

Carbon tetrachloride

How toxic are high energy fuels? (Schechter). Apr., 29.

Careers

Careers in safety (guest editorial) (Hill). June, 4.

Cartoons

The lighter side. Feb., 90; May, 14.

Chains and slings

Chains and slings. Mar., 188.

Chemical industry

Chemical Industries Committee of the ILO held 5th session (Wire from Washington). Mar., 7.

Healthier than average, study of du Pont employees (Industrial health). Jan., 46.

Chemical labeling

Model label law for toxic chemicals (Industrial health). Apr., 14.

Chemicals

How toxic are high energy fuels? (Schechter). Apr., 28.

Metal hydrides (Data sheet D-462). Feb., 37.

Potential asphyxia hazards. Mar., 112.

Stress dangers of thallium pesticides (Industrial health). Jan., 46.

Church activities

Council uses appeal to morality (Around the compass). Apr., 96.

For a safer church. Apr., 62.

Religion on the highway (The safety valve). Mar., 6.

Civilization

Progress in perspective (editorial). Jan., 2.

Clark, B. E., Jr.

3-pronged attack on accidents. Apr., 18.

Clearances

Design for safety. Mar., 122.

Clothing

After work in corrosive atmospheres. Mar., 132.

Cold-room testing of gasoline and diesel engines (Data sheet D-465).
May, 40.

If you can't avoid snakes. May, 26.

If you can't beat the heat...there are ways to survive it. May, 143.

If you employ women. Mar., 156.

Machining uranium (Consultation corner). Jan., 52.

Men's furnishings (women's too), safe clothing for every job. Mar., 134.

Metal hydrides (Data sheet D-462). Feb., 40.

Methods of flameproofing fabrics. Mar., 172.

Plastics that protect us. Mar., 168.

Protective clothing. Mar., 146.

Safety standards (Voice of the reader). May, 71.

Synthetic fabric can be static free. May, 128.

See also Gloves and sleeves; Hats; Shoes and leggings.

Clubs

Management clubs source of local help. May, 145.

Cobalt 60

Safe use of cobalt 60 (Consultation corner). June, 12.

Cocks

"Lighting-off" explosions (Smith). June, 28.

Colleges and universities, see Training.

Color

Energy in color (Donoghue). (ASSE Jour., Feb., 5).

Guarding the machine. Mar., 200.

Marking locations of fire extinguishers. Mar., 220.

Color - Codes

Color for portable flammable liquid containers (Consultation corner).
May, 8.

Energy in color (Donoghue). (ASSE Jour., Feb., 6).

Head protection, hard hats. Mar., 114.

Put color to work, identify fire and accident prevention equipment. Mar.,
30.

Committees

A joint safety committee was the answer (Timms). Feb., 106.

Communication

Communicate with imagination. June, 18.

Community Safety Councils

Appraisals scheduled (Around the compass). June, 60.

Around the compass (Lofgren). Jan., 12; Feb., 49; Apr., 46; May, 64;
June, 60.

Welcome! Additional organizations subscribe to local council membership of
the NSC (Around the compass). May, 64.

Butyraldoxime

Industrial health congress (Industrial health). Apr., 14.

Calendars

Calendar contest winners. Jan., 115; Apr., 89; June, 94.

Introducing the National Safety Calendar for 1959. June, 41.

Capacitors

Capacitors (Data sheet D-404, revised). Mar., 9.

Carbon monoxide

Monoxide hazard in propane-fueled trucks (Industrial health). Apr., 78.

Smoke can kill as well as flame. Mar., 257.

Trucks quit fuming, tobacco auction proceeds. June, 111.

Carbon tetrachloride

How toxic are high energy fuels? (Schechter). Apr., 29.

Careers

Careers in safety (guest editorial) (Hill). June, 4.

Cartoons

The lighter side. Feb., 90; May, 14.

Chains and slings

Chains and slings. Mar., 188.

Chemical industry

Chemical Industries Committee of the ILO held 5th session (Wire from Washington). Mar., 7.

Healthier than average, study of du Pont employees (Industrial health). Jan., 46.

Chemical labeling

Model label law for toxic chemicals (Industrial health). Apr., 14.

Chemicals

How toxic are high energy fuels? (Schechter). Apr., 28.

Metal hydrides (Data sheet D-462). Feb., 37.

Potential asphyxia hazards. Mar., 112.

Stress dangers of thallium pesticides (Industrial health). Jan., 46.

Church activities

Council uses appeal to morality (Around the compass). Apr., 96.

For a safer church. Apr., 62.

Religion on the highway (The safety valve). Mar., 6.

Civilization

Progress in perspective (editorial). Jan., 2.

Clark, B. E., Jr.

3-pronged attack on accidents. Apr., 18.

Clearances

Design for safety. Mar., 122.

Clothing

After work in corrosive atmospheres. Mar., 132.

Cold-room testing of gasoline and diesel engines (Data sheet D-465).

May, 40.

If you can't avoid snakes. May, 26.

If you can't beat the heat...there are ways to survive it. May, 143.

If you employ women. Mar., 156.

Machining uranium (Consultation corner). Jan., 52.

Men's furnishings (women's too), safe clothing for every job. Mar., 134.

Metal hydrides (Data sheet D-462). Feb., 40.

Methods of flameproofing fabrics. Mar., 172.

Plastics that protect us. Mar., 168.

Protective clothing. Mar., 146.

Safety standards (Voice of the reader). May, 71.

Synthetic fabric can be static free. May, 128.

See also Gloves and sleeves; Hats; Shoes and leggings.

Clubs

Management clubs source of local help. May, 145.

Cobalt 60

Safe use of cobalt 60 (Consultation corner). June, 12.

Cocks

"Lighting-off" explosions (Smith). June, 28.

Colleges and universities, see Training.

Color

Energy in color (Donoghue). (ASSE Jour., Feb., 5).

Guarding the machine. Mar., 200.

Marking locations of fire extinguishers. Mar., 220.

Color - Codes

Color for portable flammable liquid containers (Consultation corner).

May, 8.

Energy in color (Donoghue). (ASSE Jour., Feb., 6).

Head protection, hard hats. Mar., 114.

Put color to work, identify fire and accident prevention equipment. Mar., 30.

Committees

A joint safety committee was the answer (Timms). Feb., 106.

Communication

Communicate with imagination. June, 18.

Community Safety Councils

Appraisals scheduled (Around the compass). June, 60.

Around the compass (Lofgren). Jan., 12; Feb., 49; Apr., 46; May, 64;

June, 60.

Welcome! Additional organizations subscribe to local council membership of the NSC (Around the compass). May, 64.

Community Safety Councils - Cities, counties, states

Connecticut - Connecticut Commission announces staff changes (Around the compass). Jan., 12.

Denver - Denver council holds first annual conference. May, 146.

Jacksonville-Duval - 13 television presentations on council activities to be given. May, 146.

Lehigh Valley - Lehigh Valley council elects new president, honors old (Around the compass). May, 66.

Maricopa - Maricopa council workshop (Around the compass). Apr., 98.

Marin - Tom Burke to serve Marin County (Around the compass). May, 64.

Medford - Safety goes to the fair (Jamison). Feb., 88.

Minneapolis - Minneapolis holds 17th conference (Around the compass). Apr., 46.

Mississippi - Mississippi launches program (Around the compass). Apr., 46.

Montana - K. P. Todd succeeds Dean Chaffin as president of Montana Council. May, 146.

Omaha - Council uses appeal to morality (Around the compass). Apr., 96.

Oregon - Oregon group elects Frank A. Dressler new president (Around the compass). May, 64.

Racine - Harold A. Schink new manager at Racine (Around the compass). May, 64.

Seattle-King - Devin heads Seattle-King (Around the compass). Apr., 46.

Syracuse - Council has received 22 awards in nine years from National Safety Council. May, 146.

Syracuse 40th birthday (Around the compass). June, 60.

Wisconsin - Wisconsin council makes appointments in their Traffic Division (Around the compass). Feb., 49.

Compressed air

Cleaning clothes with compressed air (Consultation corner). Apr., 8.

Conferences

ASME expands meeting schedule. Feb., 138.

Announce conference on materials handling. Jan., 41.

Association convention or safety conference? (Small business and associations). May, 52.

Central States Safety Conference held in April in St. Louis. May, 145.

Chemical society to meet in Chicago. Feb., 114.

Coming events. Jan., 57; Feb., 12; Apr., 12; June, 70.

Electrical connections---EIA conference theme. June, 40.

Fire group meets--will revise codes. May, 125.

Florida U. announces industrial conference. Feb., 98.

Forward-looking program for ASME meeting. May, 125.

Important date: Second World Congress on the Prevention of Occupational Accidents, Brussels, Belgium, May 19-24. Feb., 42.

International conference for modernizing rules for safety of life at sea, proposed for spring of 1959 (Wire from Washington). Mar., 176.

National Air Pollution conference to be held in November 1958. Mar., 7.

Sanitation show to meet in Philadelphia. June, 92.

World Health Congress to be held in 1960 in New York City. June, 80.

See also Community safety councils; International Labor Organization; President's Conference on Occupational Safety; Traffic.

Construction

Construction that resists fire. Mar., 242.
How far have we come in ten years? (Arm). May, 31.
Man-made seacoast. Feb., 22.

Consultation corner (Smith). Jan., 52; Feb., 14; Apr., 8; May, 8; June, 12.

Contests

Accentuate the positive (Temple). (ASSE Jour., May, 21).
15th annual safety film contest opens. Jan., 82.
In their hands (Ideas that worked). June, 32.
Safety leaders of 1957, winners of first-place plaques in sectional contests.
May, 42.
Safety slogan contest (Ideas that worked). Jan., 34.
3-pronged attack on accidents (Clark). Apr., 19.

Contractors

How safe are textile plants? (A National Safety Council member survey).
May, 153.
We know how, but...(Brunig). June, 20.

Conveyors

Conveyors. Mar., 183.

Courses, see Training.

Cranes

Cranes equipped with boom catwalk in a pulpwood storage landing. Apr., 42.
Hoisting equipment. Mar., 183.
If you can't beat the heat...there are ways to survive it. May, 58.
Self-locking gate (Ideas that worked). Apr., 35.
Some hot jobs can be made comfortable. Mar., 207.

Creams

Protective creams for hands and arms. Mar., 150.

Data sheets

Jan., 37. Beta ray sealed sources. D-461.
Feb., 37. Metal hydrides. D-462.
Mar., 9. Capacitors. D-404.
Apr., 37. Power mowers. D-464.
May, 37. Cold-room testing of gasoline and diesel engines. D-465.
June, 37. Upsetters. D-466.

Davis, Robert T.

Trained for survival. Apr., 24.

Deaf employees

Safety by sign language. May, 33.

Decaborane

How toxic are high energy fuels? (Schechter). Apr., 28.

Decontamination

Beta ray sealed sources (Data sheet D-461). Jan., 37.

Dermatitis

Dermatitis in food processing plants (Consultation corner). Apr., 8.

Hazard of using organic solvents for skin cleansers. Mar., 49.

Industrial health congress (some causes of dermatitis). Apr., 14.

Dew, Thomas R. and Fred J. Tuerk

Do a good turn for safety. Jan., 28.

Diary of a safety engineer

Diary of a safety engineer (fiction) (Andrews). Monthly department.

Praise for "The diary" (Voice of the reader). May, 71.

Diborane

How toxic are high energy fuels? (Schechter). Apr., 28.

Diesel engines

Cold-room testing of gasoline and diesel engines (Data sheet D-465). May, 37.

Disaster organization plans

Emergency lighting. Mar., 168.

Harness Conelrad for storm warning. May, 129.

Industries plan for emergency action. June, 68.

See also Fire protection.

Disinfectants

First aid antiseptics. Mar., 252.

Safeguarding the food we eat. May, 56.

Donoghue, Thomas R.

Energy in color. (ASSE Jour., Feb., 5.)

Drinking water

Drinking water. Mar., 62.

Drivers and driving

Are you fit to drive? (Around the compass). June, 62.

Detroit uses expressway leaflet. May, 145.

14th annual motor fleet supervisors course to be held at Northwestern University. May, 146.

Good Samaritans of the Ontario highways. Feb., 21.

Inter-Industry gives \$20,000 for TV series (Around the compass). Apr., 48.

New Yorkers get leaflets (Around the compass). Jan., 12.

Nightmare in Korea (Grindlaub). Mar., 277.

Rehabilitation program set for Michigan violators (Around the compass). Feb., 49.

U. S. Commissioner of Education, Derthick, defends driver education (Wire from Washington). June, 79.

Dust

Industrial ventilation, providing clean air for the workplace. Mar., 50.

Dust (Cont'd)

Machining uranium (Consultation corner). Jan., 104.
Metal fires need special extinguishers. Mar., 243.
Static electricity. Mar., 237.

Economics of safety

Eye conservation needs the nurse's help (Hargreaves). Apr., 32.
Financial losses from Air Force accidents in 1957 were \$470,000,000 (Wire from Washington). Apr., 60.
Industrial health congress--yearly costs of dermatitis in the U. S. (Industrial Health). Apr., 76.
Loses 3,750,000-to-1 bet (Off the job). June, 64.
1956 industrial accidents in Florida incurred direct loss of \$18 million. Feb., 98.
Saf-T branded hides. May, 142.
What accidents cost the aircraft industry (A National Safety Council member survey). Jan., 19.
Yearly accident costs of two highways, with controlled and uncontrolled access (Wire from Washington). Mar., 7.

Editorials

Journal. Feb., 1. Safety in the space age (Juli).
Mar., 17. Safety pace must keep up with technological advance (Juli).

News. Jan., 2. Progress in perspective.
Feb., 2. Can't we improve the package?
Mar., 2. Investment in protection.
Apr., 6. The dirty old days.
May, 4. Blueprint of the future.
June, 4. Careers in safety (Hill).

Electrical equipment

Automatic fire protection. Mar., 226.
Changing fuses. Mar., 205.
Cords, sockets, lamps. Mar., 211.
Electrical equipment, keeping current at work under cover. Mar., 205.
Electrical equipment, over-current devices. Mar., 212.
Protection for electrical workers. Mar., 152.

Electrical equipment industry

Under one roof. Feb., 24.

Electricity

Flammable liquids. Mar., 236.
Potential asphyxia hazards, class, type and preventive measures. Mar., 112.
The shock that kills (Long). June, 54.

Electronic guards

Guarding the machine. Mar., 201.
Safety applications of photoelectric cells. Mar., 202.

Ellerson, H. Watkins, Jr.

Health education helps our safety program. May, 32.

Employees

A better break for the night shift. Mar., 271.

Can't read English--1 dies, 2 hurt. Jan., 35.

Cold-room testing of gasoline and diesel engines (Data sheet D-465).
May, 39.

If you employ women. Mar., 156.

Training and maintaining interest, how to create and keep a positive
outlook among employees. Mar., 260.

See also Handicapped persons.

Employees - Publications

Associations plug public safety (Small business and associations).
Feb., 44.

Can't we improve the package? (Editorial). Mar., 4.

Communicate with imagination. June, 18.

Falls are no fun (a poster). May, 52.

Engineers

Ask information on research projects. Mar., 273.

Diary of a safety engineer (fiction) (Andrews). Monthly department.

14th Annual Motor Fleet Supervisors Course to be held at Northwestern
University. May, 146.

Radiation--the fourth "R" (Saul). June, 90.

Engines

Cold-room testing of gasoline and diesel engines (Data sheet D-465).
May, 37.

Exhibits, demonstrations

Against wind and lightning (lattice towers tested in model set-up).
Jan., 88.

Grand slam for Schmidt's. Jan., 30.

Model of town is aid to promote traffic safety. Apr., 21.

Protective clothing. Mar., 149.

Safety goes to the fair (Jamison). Feb., 88.

Steelmen stage safety show. Mar., 266.

U. S. Department of Labor prepared exhibit "Labor-Management Cooperation
for Safety", to be shown in other countries (Wire from Washington).
May, 158.

Explosion-proof equipment

Explosion-proof lamp in paint booth. Mar., 234.

Explosions

"Lighting-off" explosions (Smith). June, 28.

Safe handling, use and storage of flammable liquids in industry (Woodworth).
(ASSE Jour., May, 25).

Eyes

Devices for eye, head, and respiratory protection--definitions. Mar., 96.

Eye conservation needs the nurse's help (Hargreaves). Apr., 32.

Eyes (Cont'd)

Eye conservation--protecting eyes and face against injury; detecting and correcting visual defects. Mar., 92.
Help for aging eyes (Ross). June, 47.
See also Goggles.

Falls

Falls can be checked, Esso finds. Apr., 68.
Falls kill 20,000 in U.S. (Off the job). June, 64.
3-pronged attack on accidents (Clark). Apr., 19.

Farm safety

Department of Agriculture issued notice of proposed rule making in connection with the Poultry Products Inspection Act (Wire from Washington). Jan., 102.
Farm safety awards presented to media (Around the compass). Jan., 12.
Farm safety week begins July 20 (Wire from Washington). May, 161.
How far have we come in ten years? (Arm). May, 31.
Safety scholarships to 4-H club winners. Feb., 104.

Fatigue

Fatigue is an accident maker. Mar., 88.
If the shoe doesn't fit. Mar., 153.
If you can't beat the heat...there are ways to survive it. May, 143.
If you employ women. Mar., 156.

Films

Communicate with imagination. June, 19.
15th annual safety film contest opens. Jan., 82.
List films on material handling. Apr., 92.

Fire protection

Automatic protection, detection and alarm systems. Mar., 224.
Coal-mine guardian. Feb., 36.
Cold-room testing of gasoline and diesel engines (Data sheet D-465).
May, 38.
Cold-weather precautions. Mar., 243.
Fire fighting methods. Mar., 216.
Fire group meets--will revise codes. May, 125.
Fire-resistant hydraulic fluids (Matthews). Jan., 48.
Fly fire truck to Arctic town. Feb., 100.
The four general causes of fires in industry. Mar., 216.
If you use flammable mastics. May, 174.
Methods of flameproofing fabrics. Mar., 172.
New home designs labeled fire traps. Jan., 103.
Protective clothing. Mar., 149.
Recommendations for fire protection for building occupancies of varying severity. Mar., 232.
Reserve water supply for fire fighting. Mar., 242.
Spontaneous ignition. Mar., 240.
Training fire fighters. Mar., 228.
Types of fires. Mar., 228.

Fire protection - Extinguishers

Classification of fire extinguishers. Mar., 218.

How many extinguishers? Mar., 220.

Locating, and marking locations of fire extinguishers. Mar., 220.

Look for the label. Mar., 232.

Metal fires need special extinguishers. Mar., 243.

Portable extinguishers, first line of defense against fire. Mar., 217.

Use of trimethoxyboroxine as a metal fire extinguisher. Apr., 104.

Wetting agents. Mar., 230.

Fire protection - Inspection

How does your fire protection rate? Mar., 244.

Fire protection - Statistics

Fire losses record high in 1957. Mar., 272.

Smoke can kill as well as flame. Mar., 257.

Firearms and munitions

Government liable for wartime accident (Wire from Washington). Mar., 176.

Lead concentration in indoor firing ranges (Consultation corner).

Feb., 14.

First aid

Care of the injured. Mar., 249.

Cleanliness in the first-aid room. Mar., 256.

Don't neglect strains and sprains. Mar., 255.

Eye conservation needs the nurse's help (Hargreaves). Apr., 95.

First-aid antiseptics. Mar., 252.

Good Samaritans of the Ontario highways. Feb., 21.

If you can't avoid snakes. May, 26.

Keeping medical records. Mar., 269.

Respiratory emergencies (Stephenson). Jan., 26.

Safety is part of TVA plans (Nolting). May, 155.

Salesmen go to school to learn life-saving. June, 82.

Steelmen stage safety show (rescue from gas pit). Mar., 266.

Trained for survival (Davis). Apr., 24.

Urges change in resuscitation methods. June, 102.

Fish, Carman

The safety valve. Monthly department.

Flameproofing

Methods of flameproofing fabrics. Mar., 172.

Protective clothing. Mar., 149.

Flammable liquids

Automatic fire protection. Mar., 226.

Cold-room testing of gasoline and diesel engines (Data sheet D-465).

May, 37.

Color for portable flammable liquid containers (Consultation corner).

May, 8.

Fire fighting methods. Mar., 217.

Flammable liquids. Mar., 234.

Flammable liquids (Cont'd)

Safe handling, use and storage of flammable liquids in industry (Woodworth).
(ASSE Jour., May, 24).
Static electricity. Mar., 237.

Floors

Care of floors. Mar., 129.
Common flooring materials for industrial uses. Mar., 19.
Floors that can take it, how to keep down hazards and costs. Mar., 19.
Housekeeping and sanitation. Mar., 29.
Put color to work, floor coatings. Mar., 131.
Static electricity, conductive floors. Mar., 238.
Test floor finishes by "black light" analysis. Jan., 109.

Fog

Learn more about smog but no cure yet. June, 125.
Polarization aids fog visibility. June, 79.

Food

Margin of safety must be established for pesticide toleration in milk
(Wire from Washington). Mar., 177.
Safeguarding the food we eat. May, 54.

For distinguished service. Winners of NSC awards for outstanding records.
Jan., 64; Feb., 108; Apr., 44; May, 100; June, 74.

Forecasts

Pipe dreams (life in the next century) Fish. (The safety valve). June, 6.

Foreign countries, see Safety movement - Foreign countries.

Forging

Upsetters (Data sheet D-466). June, 37.

Fountains

Drinking water. Mar., 64.

Fox, Sam D. and Frank H. Ulm

Noise and vibration control...extra safety factors. June, 22.

Frese, Gertrude H.

Safety crusaders in skirts. Jan., 24.

Fuels

How toxic are high energy fuels? (Schechter). Apr., 28.

Furnaces

If you can't beat the heat...there are ways to survive it. May, 143.
"Lighting-off" explosions (Smith). June, 28.

Games

Bingo at lunch (Ideas that worked). May, 34.
In their hands (Ideas that worked). June, 32.
Tilt! (Ideas that worked). May, 34.

Gas industry

Gas industry safety crusade (Small business and associations). Feb., 45.

Gases

Hazards of ozone (Consultation corner). May, 8.

How toxic are high energy fuels? (Schechter). Apr., 28.

Potential asphyxia hazards. Mar., 112.

Smoke can kill as well as flame. Mar., 257.

Steelmen stage safety show. Mar., 266.

Gasoline engines

Cold-room testing of gasoline and diesel engines (Data sheet D-465). May, 37.

Gidel, Robert D.

Got a minute? Jan., 25; All shook up. Feb., 27; Three-stage totem pole.

Apr., 33; The patsy. May, 29; Sad sack. June, 92.

Gloves and sleeves

Hands and arms. Mar., 150.

If you employ women. Mar., 158.

Machining uranium (Consultation corner). Jan., 52.

Goggles

Camera preserves explosion story. Mar., 270.

Communicate with imagination (goggle pictures). June, 18.

Eye conservation. Mar., 92.

Goggles save his remaining eye. Apr., 90.

Help for aging eyes (Ross). June, 47.

Safety glasses pit on the inside (Consultation corner). June, 12.

Service cart for cleaning, sterilizing and adjusting goggles, face shields and respirators. Mar., 100.

Urges eye protection for plumbers. June, 70.

Grimaldi, John V.

Are disabling injury frequency rates valid measures? (ASSE Jour., Feb., 9).

Grinders

Disc grinder guard (Ideas that worked). Apr., 35.

Grindland, Leonard J.

Nightmare in Korea. Mar., 277.

Guards

Guarding the machine. Mar., 200.

Materials for guard construction. Mar., 201.

Safety applications of photoelectric cells. Mar., 202.

Unguarded gears on cover of March News (Voice of the reader). Apr., 58.

Guild, Elizabeth

Ears can be protected. Apr., 30.

Hand and arm protection

Hands and arms. Mar., 150.

Hand trucks

Aids to manual handling. Mar., 197.
Trucks and tractors. Mar., 182.

Handicapped persons

Handicapped needed says U. S. Chamber head. Mar., 112.
The road back (Young). Feb., 26.
Safety by sign language. May, 33.

Handling material, see Materials handling

Hargreaves, Margaret S.

Eye conservation needs the nurse's help. Apr., 32.

Head protection

Devices for eye, head, and respiratory protection--definitions. Mar., 96.
Eye conservation--eye and face. Mar., 92.
Head protection. Mar., 114.
If you employ women. Mar., 158.
Respiratory protection. Mar., 98.
"Shop air" for airline respirators (Consultation corner). Jan., 52.
Training in use of respiratory equipment. Mar., 111.

Health

Discontinuance of mass x-ray for tuberculosis detection (Wire from Washington).
Jan., 102.
If the shoe doesn't fit. Mar., 153.
Poultry inspection (Wire from Washington). Jan., 102.
Some figures from the results of the first quarter-year sampling of the
National Health Survey (Wire from Washington). Feb., 17.
Soul searching (The safety valve). Apr., 10.
Washrooms and lockers. Mar., 48.
World Health Congress to be held in 1960. June, 80.

Health-supervision in industry

Drinking water. Mar., 62.
Food service. Mar., 66.
Health education helps our safety program (Ellerson). May, 32.
Healthier than average, study of du Pont employees (Industrial health).
Jan., 46.
Heat and humidity. Mar., 59.
If you can't beat the heat...there are ways to survive it. May, 58.
ILO urges job health measures. Apr., 91.
Industrial ventilation, providing clean air for the workplace. Mar., 50.
Keeping medical records. Mar., 269.
Medical and health service. Mar., 247.
Occupational skin infections, a widespread and perplexing problem. Mar., 52.
Safety with solvents. Mar., 56.
Safety with solvents for dissolving grime and grease. Mar., 56.
Washrooms and lockers promote cleanliness, health and comfort. Mar., 48.

Seattle builds safest crosswalk (Around the compass). Feb., 49.

Pentaborane

How toxic are high energy fuels? (Schechter). Apr., 28.

Personals

Personals. Jan., 71; Feb., 90; Apr., 84; May, 110; June, 128.

Adair, Dan - Resigned from NSC Labor Division (Personals). Jan., 72.

Ainsworth, Cyril - Ainsworth promoted by ASA (Personals). Feb., 90.

Avery, Harry E. - Personnel manager of Matson Terminals (Personals).

May, 114.

Ayers, Thomas H. - New safety director for First Army. June, 100.

Babb, D. N. - Named safety administrator for Electromet in Niagara Falls (Personals). May, 114.

Berke, Thomas J. - Berke heads Veterans of Safety. Feb., 104.

Blair, J. Matthew - Promoted to safety director at division of Jones & Laughlin Steel Corporation (Personals). May, 114.

Bridges, Clark D. - Named assistant managing director of the Industrial Medical Association (Personals). Jan., 72.

Brown, George - AFL-CIO appoints safety director (Personals). May, 112.

Burke, Thomas - Tom Burke to serve Marin County (Around the compass). May, 64.

Butt, A. B. Jr. - Retired as safety director for Virginia Smelting Company (Personals). Apr., 88.

Clymer, Paul W. - Safety supervisor for state of Washington (Personals). May, 112.

Collins, H. G. - Retired from safety position with Lehigh Portland Cement Company (Personals). Apr., 85.

Colman, Kenneth - Award named after Mr. Colman, safety leader in Seattle, given to Judge Hodson (Around the compass). Apr., 46.

Curry, John T. - Group picture (Small business and associations). Jan., 60.

Devin, William F. - Heads Seattle-King County Safety Council (Around the compass). Apr., 46.

Doti, Joseph E. - Promoted by United States P. & I. Agency (Personals). Feb., 92.

Eisenach, D. L. (Don). - Group picture. Apr., 42.

Ellis, Fred H. - Named general manager of Ontario Safety League (Personals). Feb., 94.

Flaherty, John J. - Research psychologist joins NSC staff (Personals). Jan., 71.

Frohnapple, Howard J. - Named personnel manager for General Drop Forge Corporation (Personals). Feb., 90.

Godwin, Roy M. - Retires as manager of safety department of Philadelphia Electric Company (Personals). Apr., 87.

Green, Raymond H. - Named director of personnel and public relations for The New Haven Trap Rock Company (Personals). June, 128.

Greenley, Casimir Z. - Elected vice-president of the American Management Association in charge of the Insurance Division (Personals). June, 129.

Grieve, Gilbert G. - NSC names Grieve to head Labor Division (Personals). Jan., 72.

Hallowell, H. Thomas, Jr. - ASA re-elects Hallowell president for third term (Personals). Apr., 84.

Hammond, Russ - Group picture. Apr., 42.

Personals (Cont'd)

- Harger, R. N. - Goes to Pakistan (Around the compass). June, 118.
- Hoch, Clinton H. - Named staff representative for NSC's Mining Section (Personals). Jan., 72.
- Hodson, James W. - Judge Hodson honored by Seattle-King council (Around the compass). Apr., 46.
- Korab, Harry E. - Group picture (Small business and associations). Jan., 60.
- Langfeldt, L. Daniel - In health and safety activities of the Bureau of Mines (Personals). May, 114.
- Levens, Ernest - Appointed coordinator of safety and industrial hygiene at American Potash and Chemical Corporation (Personals). Apr., 85.
- Love, C. Robert - Named safety officer for Stanford University (Personals). Apr., 85.
- McNair, J. W. - Promoted by ASA (Personals). Feb., 90.
- Myers, Edward C. - Myers promoted by U. S. Steel (Personals). May, 110.
- Parker, Eliot - Appointed to European post (Personals). May, 110.
- Redpath, James A. - Named head of safety department at Eitel-McCullough (Personals). May, 114.
- Redwood, William J. M. - Safety engineer honored for first aid work. Jan., 84.
- Reynolds, W. B. G. - New commissioner of highway safety for the Ontario Department of Transport (Personals). Feb., 94.
- Richardson, Deuel - NFPA appointments (Personals). Apr., 84.
- Roethe, Harry E. - Retired from position with Northern Regional Research Laboratory (Personals). Apr., 88.
- Schier, O. B. II - Appointed secretary of The American Society of Mechanical Engineers (Personals). Feb., 96.
- Schlueter, Clyde F. - Heads new committee (Small business and associations). Jan., 60.
- Schmitz, Henry - University of Washington president emeritus, and Mr. Colman, present plaque to Judge Hodson (Around the compass). Apr., 46.
- Seltzer, Louis B. - Noted editor heads NSC church committee. Jan., 40.
- Skipton, James K. - Appointed manager of safety for W-K-M, Division of ACR Industries (Personals). Feb., 90.
- Spelbring, William H. - Elected vice-president of Safety & Claims Service, Inc., Chicago (Personals). June, 129.
- Sterne, Willard F. - President of American Allsafe Company (Personals). Apr., 86.
- Stevens, Richard - Appointed assistant technical secretary of National Fire Protection Association (Personals). Feb., 94.
- Stewart, George C. - Speaker at Roanoke Valley traffic conference. Feb., 49.
- Symonds, A. D. - Elected president of the Fire Equipment Manufacturers Association (Personals). May, 114.
- Teal, Gilbert E. - Col. Teal heads USAF evaluation board (Personals). Feb., 92.
- Towne, Arnold P. - Inventor of new instrument for hearing tests. Feb., 112.
- Tryon, George H., III - Receives award of Flight Safety Foundation - Feb., 114.
- Tubbs, William L. - Honoring Colone Tubbs. June, 119.
- Veltfort, T. E. - Heads ASA Standards Council. Feb., 112.
- Weber, Herbert J. - Heads two important industrial committees (Personals). Feb., 92.

Personals (Cont'd)

- Weber, Herbert J. - Heads two important industrial committees (Personals). Feb., 92.
- Wilson, Clarence T. - Elected president of Corporate Service in Detroit (Personals). Feb., 90.
- Wilson, Rexford - NFPA appointments (Personals). Apr., 84.
- Worseck, Paul - Appointed manager of safety and welfare for Lehigh Portland Cement Company (Personals). Apr., 85.

Pesticides

- Getting rid of wasps (Voice of the reader). May, 74.
- Stress dangers of thallium pesticides (Industrial health). Jan., 46.

Petroleum industry

- Oil and the atom. Feb., 18.
- Support for the President's action program. Feb., 50.

Photography

- Training and maintaining interest. Mar., 260.

Physical examinations

- Eye conservation--evaluating eyesight. Mar., 92.
- Medical and health service. Mar., 248.
- Selecting a hearing aid. Mar., 80.

Piping systems

- Energy in color (Donoghue). (ASSE Jour., Feb., 8).
- Put color to work, identification of piping. Mar., 32.
- Safe handling, use and storage of flammable liquids in industry (Woodworth). (ASSE Jour., May, 27).

Plant layout, see Buildings - Industrial

Plant traffic

- Design for safety. Mar., 124.

Plastics

- Plastics that protect us. Mar., 168.

Pledges

- Safety pledges (Ideas that worked). Apr., 34.

Plumbers

- Urges eye protection for plumbers. June, 70.

Point system for a plant contest

- Accentuate the positive (Temple). (ASSE Jour., May, 21).

Poison ivy

- Beware of poison ivy. Mar., 255.
- Poison ivy sufferers can buy immunity. Apr., 93.

Poisons and poisoning

Poisons Control center to be established in Twin Cities Area. May, 146.
Poisoning traced to venting units, shaker. Apr., 62.
Stress dangers of thallium pesticides (Industrial health). Jan., 46.

Police

Kemper scholarships announced (Around the compass). Apr., 97.
More "Voice of Reader" replies to Safety Valve of October, 1957, on using radar and unmarked cars to catch speeders: Jan., 88, (Moore); Feb., 102, (Timlin); Apr., 56, (Taylor).
North Carolina state patrol talks safety (Around the compass). Apr., 96.
Richmond officer given recognition (Around the compass). Apr., 46.

Posters

Association uses NSC posters (Small business and associations). Apr., 52.
Cheyenne makes use of poster boards (Around the compass). Feb., 49.
Safety posters. Monthly department.
Training and maintaining interest. Mar., 260.
What's going on under his hat? (Small business and associations). June, 52.

Power mowers

Mowers hurt 7 operators (Off the job). June, 64.
Power lawn mowers (Data sheet D-464). Apr., 37.
Power mower victim speaks (Off the job). Jan., 50.

Power presses

Guarding the machine. Mar., 200.
Interlocked drill (Ideas that worked). Feb., 35.

Power transmission

Guarding the machine. Mar., 201.
Hold that pulley wheel (Ideas that worked). Feb., 35.
Static electricity. Mar., 238.

Power trucks, see Trucks - Industrial

President's Conference on Occupational Safety

Blueprint of the future (editorial). May, 4.
Conference highlights associations (Small business and associations). Apr., 52.
How far have we come in ten years? (Arm), (a conference address). May, 30.
President's conference and association safety (Small business and associations). Feb., 44.
President's conference plans forward-looking program. Feb., 42.
President's Conference studies occupational risks (Wire from Washington). May, 17.
Progress through tragedy? (Meany), (a conference address). May, 22.

Precipitators

Industrial ventilation--electrostatic precipitation. Mar., 72.

Public utilities

- Safety is part of TVA plans (Nolting). May, 24.
- Safety suggestion system aids safety program (Naquin). (ASSE Jour., May, 20).
- Shelter for men and equipment. Mar., 257.

Radiation

- Beta ray sealed sources (Data sheet D-461). Jan., 37.
- Council offers radiation safety course. Feb., 19.
- Eye conservation. Mar., 116.
- Ionizing radiations, varieties of radiation, types of injury and measures that provide protection. Mar., 8.
- Machining uranium (Consultation corner). Jan., 52.
- Making a radiation safety survey. June, 88.
- Oil and the atom (Conoco's atomic radiation laboratory). Feb., 18.
- Radiation symbol. Mar., 173.
- Radiation--the fourth "R" (Saul). June, 26.
- Safe use of cobalt 60 (Consultation corner). June, 12.
- U. S. Public Health Service established Division of Radiological Health (Wire from Washington). May, 158.
- U. S. Public Health Service recommended discontinuance of mass x-ray method for tuberculosis detection (Wire from Washington). Jan., 102.

Radiation - Exposure records

- Medical radiation exposures (Industrial health). May, 68.

Radiation - Exposure standards

- Atomic Energy Commission adopts new radiation exposure limits. Mar., 170.
- ILO sponsored meeting of experts to revise radiation chapter of the Model Code of Safety Regulations for Industrial Establishments (Wire from Washington). Jan., 17.

Radiation - Monitoring

- Machining uranium (Consultation corner). Jan., 104
- Personnel and laboratory monitoring. Mar., 173.

Radioactive guards

- Guarding the machine. Mar., 201.

Radio broadcasting

- Harness Conelrad for storm warning. May, 129.

Railings

- Railings and toeboards. Mar., 46.

Rating

- A rating sheet for scoring departmental performances in taking corrective action on known hazards (Temple). (ASSE Jour., May, 23).

Rehabilitation

- The road back (Young). Feb., 26.

Research

Ask information on research projects. Mar., 273.
Blueprint of the future (editorial). May, 4.
Federal grant negotiations with Northwestern University on research into traffic accidents (Wire from Washington). Mar., 7.
Form new group for thermonuclear research. Feb., 55.
Polarization aids fog visibility. June, 79.
Scientists are people (The safety valve). May, 6.

Respirators

Devices for eye, head, and respiratory protection--definitions. Mar., 96.
Respiratory protection. Mar., 98.
"Shop air" for airline respirators (Consultation corner). Jan., 52.
Training in use of respiratory equipment. Mar., 111.

Resuscitation

The President's medal. Awards made by the National Safety Council for successful application of artificial respiration. Feb., 138; Apr., 80.
Respiratory emergencies (Stephenson). Jan., 26.
Resuscitation, methods and equipment. Mar., 253.
Urges change in resuscitation methods. June, 102.

Rewards, see Awards

Rocketry

Amateur rocketry hazard to air travel (Wire from Washington). Mar., 176.
Dangerous sport for amateurs (NFPA recommendations). Feb., 116.
Rocket experimentation not for amateurs (National Safety Council policy). Apr., 92.
The U. S. Office of Education warns students not to experiment with rockets and other missiles unless rigidly controlled (Wire from Washington). May, 161.

Rope

Fiber rope. Mar., 192.
Wire rope and slings. Mar., 184.

Rosenfield, Harry N.

Wire from Washington. Monthly department.

Ross, Milton

Help for aging eyes. June, 47.

Rubber industry

Observes O-T-J safety month (Off the job). Jan., 50.

Rules

Not rules, but guides. Mar., 266.
Rx for safety materials handling. Feb., 30.

Runways

Stairs, ramps, fixed ladders. Mar., 26.

Safety councils, see Community safety councils; National Safety Council.

Safety equipment

Distributing equipment...and getting it used. Mar., 3.
How far have we come in ten years? (Arm). May, 99.
1958 22nd annual safety equipment issue. March issue.
Product and source directories. Mar., 281.

Safety library (Parks). Jan., 54; Feb., 57; Mar., 160; Apr., 50; May, 13;
June, 56.

Safety men, see Engineers

Safety movement

Progress through tragedy? (Meany). May, 22.
Safety crusaders in skirts (Frese). Jan., 24.
See also President's Conference on Occupational Safety.

Safety movement - Foreign

Fly fire truck to Arctic town. Feb., 100.
Good Samaritans of the Ontario highways. Feb., 21.
MSA acquires German plant. May, 163.
Nightmare in Korea (Grindlaub). Mar., 277.
The road back (Young). (rehabilitation program in Ontario). Feb., 26.
Safety last--or none at all. Feb., 52.
Thanks from Germany (Voice of the reader). May, 74.
Trucks quit fuming, tobacco auction proceeds (in Ontario). June, 111.

Safety movement - International

Important date: Second World Congress on the Prevention of Occupational
Accidents, Brussels, Belgium, May 19-24. Feb., 42.
International conference for modernizing rules for safety of life at sea,
proposed for spring of 1959. (Wire from Washington). Mar., 176.
World Health Congress to be held in 1960. June, 80.

Safety stunts

Don't lose your tooth (Ideas that worked). Feb., 34.
Every day is tag day (Ideas that worked). June, 33.
Safety ideas stay sold. Jan., 42.
3-pronged attack on accidents (Clark). Apr., 19.
See also Exhibits.

The safety valve (Fish). Monthly department.

St. Lawrence Seaway

Man-made seacost. Feb., 22.

Salt, Use of

Heat and humidity. Mar., 62.

Sanitation

Food service. Mar., 67.
\$4 billion well spent. Jan., 32.
Safeguarding the food we eat. May, 54.
Sanitation show to meet in Philadelphia. June, 92.
Service cart for cleaning, sterilizing, and adjusting goggles, face shields,
and respirators. Mar., 100.

Sanitation (Cont'd)

- Solution for disinfecting respiratory devices. Mar., 111.
- Third sanitation show to meet in Philadelphia. Mar., 273.

Saul, James D.

- Radiation--the fourth "R". June, 26.

Saws

- Guarding the machine. Mar., 202.
- Table saw guard (Ideas that worked). Jan., 34.

Scaffolds

- Safe scaffolds. Mar., 44.

Schechter, William H.

- How toxic are high energy fuels? Apr., 28.

Schlueter, C. F.

- Saf-T branded hides. May, 45.

Schools

- Organize school safety council in Portland (Around the compass). Jan., 12.

Selling safety

- Association convention or safety conference? (Small business and associations). May, 52.
- Why the interest in off the job safety? (McKeldin). Apr., 54.
- See also Awards; Contests; Economics of safety; Meetings; Visual education.

Shields

- Eye conservation. Mar., 93.
- Flying chip shield (Ideas that worked). Jan., 35.

Shoes and leggings

- Double safety with safety shoes (Whitsett). May, 48.
- Foot protection. Mar., 135.
- Footwear for various exposures, types and exposure. Mar., 140.
- Getting the wear out of safety shoes. Mar., 207.
- If the shoe doesn't fit. Mar., 153.
- If you employ women. Mar., 165.
- Leg protection. Mar., 152.
- Static electricity, conductive shoes, and floors. Mar., 238.

Sidewalks

- Urge safety code for moving sidewalks. May, 131.

Signs and signals

- Electrical equipment, keeping current at work under cover. Mar., 205.
- Go, go, go (Ideas that worked). Apr., 34.
- Harness Conelrad for storm warning. May, 129.
- Hexed circle (Ideas that worked). Apr., 35; Bad luck in hexed circle? (Voice of the reader). May, 70.

Signs and signals (Cont'd)

International danger symbols. Mar., 263.

Radiation symbol. Mar., 173.

Signs for instruction, direction and warning. Mar., 263.

3-pronged attack on accidents (Clark) (signs of life). Apr., 19.

Skin diseases, see Dermatitis

Slogans

Safety slogan contest (Ideas that worked). Jan., 34.

Small firms and associations

How safe are textile plants? (A National Safety Council member survey).
May, 18.

How valid are statistics on small business? (Baltzer). (ASSE Jour.,
May, 31).

Small business and associations (Baltzer and Curry). Jan., 60; Feb., 44;
Apr., 52; May, 52; June, 52.

Smith, J. B.

"Lighting-off" explosions. June, 28.

Smith, L. C.

Consultation corner. Jan., 52; Feb., 14; Apr., 8; May, 8; June, 12.

Smog

Learn more about smog but no cure yet. June, 125.

Smoking

Machining uranium (Consultation corner). Jan., 104.

Smoking areas. Mar., 74.

Where to smoke? Mar., 230.

Snakes

If you can't avoid snakes. May, 26.

Know your snakes and be prepared. Mar., 254.

Snow surveying

Trained for survival (Davis). Apr., 24.

Soap and other cleansers

Four types of skin cleansers. Mar., 49.

Safeguarding the food we eat. May, 54.

Solvents

Hazards of using organic solvents for skin cleansers. Mar., 49.

Safety with solvents for dissolving grime and grease. Mar., 56.

See also Flammable liquids.

Spontaneous ignition

Machining uranium (Consultation corner). Jan., 52.

Safe handling, use and storage of flammable liquids in industry
(Woodworth). (ASSE Jour., May, 29).

Spontaneous ignition. Mar., 240.

Spray painting

Safe handling, use and storage of flammable liquids in industry
(Woodworth). May, 29.

Sprinklers

Automatic sprinklers. Mar., 224.
Protection for inside bins. Mar., 238.

Stapling machines

No stapled fingers (Ideas that worked). June, 32.

Static electricity

Flammable liquids. Mar., 234.
Static electricity. Mar., 237.
Synthetic fabric can be static free. May, 128.

Steel industry

In the home, out-of-doors, on the highways (Off the job). Feb., 32.
Pressed Metal Institute award goes to NSC. Jan., 74.
Steelmen stage safety show. Mar., 266.

Stephenson, Esther Myers

Respiratory emergencies. Jan., 26.

Storm warnings

Harness Conelrad for storm warnings. May, 129.

Suggestions systems

Safety suggestion system aids safety program (Naquin). (ASSE Jour.,
May, 18).

Surveys

FPW receives grant for traffic study (Around the compass). Feb., 60.
How safe are textile plants? (A National Safety Council member survey).
May, 18.
Trained for survival (Davis). (Snow survey). Apr., 24.
What accidents cost the aircraft industry (A National Safety Council
member survey). Jan., 19.

Switches - Electric

Electrical equipment. Mar., 213.

Tags

Every day is tag day (Ideas that worked). June, 33.

Talbott, Philip M.

Handicapped needed say U. S. Chamber head. Mar., 112.

Tanks and drums

Safe handling, use and storage of flammable liquids in industry
(Woodworth). (ASSE Jour., May, 24).

Tarpaulins

Shelter for men and equipment. Mar., 257.

Telephone companies

Safety crusaders in skirts (Frese). Jan., 24.

Television

Inter-Industry gives \$20,000 for TV series. Apr., 48.

TV towers hazard to air navigation (Wire from Washington). Apr., 60.

Temperatures

Cold-room testing of gasoline and diesel engines (Data sheet D-465).

May, 37.

Heat and humidity. Mar., 59.

If you can't beat the heat...there are ways to survive it. May, 58.

Safe handling, use and storage of flammable liquids in industry (Woodworth).
(ASSE Jour., May, 29).

Some hot jobs can be made comfortable. Mar., 207.

Temple, Fred R.

Accentuate the positive. (ASSE Jour., May, 21).

Tennessee Valley Authority

Safety is part of TVA plans (Nolting). May, 24.

Textile and textile plants

Combustibility of fabrics. Mar., 153.

How safe are textile plants? (A National Safety Council member survey).

May, 152.

Synthetic fabric can be static free. May, 128.

Tools

Aids to manual handling. Mar., 197.

Carrying tools. Mar., 209.

Guarding the machine. Mar., 201.

How safe are textile plants? (A National Safety Council member survey).

May, 151.

Protection for electrical workers. Mar., 152.

The tool room. Mar., 208.

Tools--hand and power. Mar., 206.

Towers - Lattice

Against wind and lightning. Jan., 88.

Traffic safety

RPW receives grant for traffic study (Around the compass). Feb., 60.

Four regional conferences scheduled to develop public support for the
recommendations of the Public Officials Traffic Safety Conference
(Wire from Washington). Jan., 17.

Getting in the scrap. Jan., 62.

Grant to aid traffic safety projects. May, 72.

Kansas plans teen-age conference (Around the compass). May, 66.
